

Best thing since sliced bread.

The pink RCM mark shows EESS compliance.

A brand of the

Prysmian
Group

The pink RCM mark shows EESS compliance.

The Electrical Equipment Safety System (EES) is there for a reason – to increase consumer safety. It is compulsory for manufacturers and importers to register and declare that the equipment they sell, meets the relevant standards and is electrically safe. **We have now made it easier for you to identify that our products are EESS compliant – just look for the pink RCM label on the reel!**

Think quality – think pink.

All sizes and values without tolerances are reference values. Specifications are for product as supplied by Prysmian Group; any modification or alteration afterwards of product may give different result. The information contained within this document must not be copied, reprinted or reproduced in any form, either wholly or in part, without the written consent of Prysmian Group. The information is believed to be correct at the time of issue. Prysmian Group reserves the right to amend this specification without prior notice.
